### ! TESTIMONIES OF PRAISE !

September 3, 2009-

One person scheduled for a heart catheterization procedure for a blocked artery came and was completely healed. She called back and verified her healing by the L-rd! She had gone ahead with the procedure on the Wednesday following her Healing Room visit. The physicians were "perplexed and shocked" to see NO blockage in any of the heart arteries whatsoever! She went on to say that the Healing Room experience was incredible. It had been a long time since she had received communion and she felt incredibly encouraged and loved by the prayer team volunteers on duty that night.

- Praise be to the King of Glory, our Savior, Jesus Christ, Jehovah Rapha -

There is no cost to attend this training. Donations will be gratefully accepted

# The Healing Room

## Healing Rooms For Houston

The Lord is calling His people out of darkness and into His glorious light. I welcome you to come join me as we prepare for G-d's plan to bring healing and wholeness throughout Houston by His healing word and loving touch.

There will be a five week training practicum for potential volunteers who would like to serve in the existing Healing Room in Kingwood Texas (under the sponsorship of The Crossover Project), as well as, volunteer opportunities as they arise in other area Healing Rooms to be established throughout Houston metroplex.

The training course will use materials that have been prepared under the direction of Peter & Val Loth (former Pastors' of the Kansas City Healing Rooms) and use of the resource text, "Healing Technician Manual" by Kevin and Loren Matthews. Weekly discussion and practice sessions will follow the lessons and we practice with pray ministry for one another using the format model developed by the International House of Prayer (IHOP) in Kansas City.
